Re: In Re: Diet Drugs Litigation, Seventh Amendment

Dear Counsel:

As you know, on May 8, 2008 the mailing of the "Final" Distribution checks began. Since this mailing we have been receiving telephone calls about two items on the check stubs that require an explanation.

For the Grid Level Claim check stubs the following two issues requiring explanation:

1. The first line on the check stub "Total Individual Payment Amount" was rounded up to the nearest dollar instead of being show exact. For example if the amount should have been \$49,500.55 it was listed as \$49,501.00. The net check was calculated on the exact amount not the rounded amount.
2. The check amount at the bottom of the stub on the "non negotiable remittance information only" copy sent to your clients was a total of all of the numbers on the stub and did not agree with the amount on the check. This was caused by the program used to print the information only copies.

Neither of these issues had any affect on the actual check amount. The actual check was issued for the correct amount.

We apologize for any inconvenience this has caused you and/or your clients and hope this letter will assist you in clarifying these issues for your clients.

If you have any questions, you may contact us by telephone at (800) 481-7947, in writing to the address on this letterhead, or by e-mail through the contact section of our website at www.7thamendmentdietdrugs.com.

Sincerely,

Fund Administrator
